

IMMACULATE CONCEPTION GRADE SCHOOL

FAMILY

FAMILY

Family is at the heart of ICGS

At Immaculate Conception Grade School, we believe that family is important to the education, growth and development of our students. Our IC family extends from the school, to the parish, and into our homes and our community. We believe in order for students to thrive socially and emotionally, we must create an environment where students feel safe, included, accepted, and where their voices are valued.

The parents and teachers are committed to an active and engaged learning atmosphere and work together to help students succeed. The relationships the teachers and staff have with our IC families make them feel more welcome and more willing to be involved. You see the success and the pride that goes along with accomplishment and the self-satisfaction that comes from being a good person and part of the IC family

At home, we encourage our families to be engaged and participate in the education of their children. Parents are welcome and encouraged to attend weekly mass. They are invited to participate in various activities and events to support the IC children. At Immaculate Conception the sense of belonging, the lifelong friendships that are developed here, the enduring Catholic faith, the meaningful experiences, and the opportunities to give back, truly begin with family. We are IC.

"My husband Steve and I truly valued the partnership we had with the teachers and administration at ICGS. From excellent faith formation and service opportunities to competitive opportunities in academics and athletics, ICGS nurtures the whole child. We chose to send our three daughters to a school that reinforces our belief that, through every one of life's challenges God will always be with them. In a rapidly changing world, we feel that this belief, instilled from a young age, will carry our girls through their most difficult struggles. We also appreciate the sense of responsibility that was instilled in our daughters. They learned that they are called to serve others and to use their talents to improve our world. Thank you, ICGS, for expecting the most from our children in every aspect of their elementary education." **Kathleen and Steve Hillsman, Parents of ICGS Alumni**
